

2025 ANNUAL IMPACT REPORT

"Something Wonderful Is Happening in Warner." -- Jim Mitchell

MSW's 21st Literacy Day at Simond's Elementary School showcased award-winning author and illustrator Brian Lies. Students appreciated the way Brian shared early drafts of his drawings to illustrate his point: "Practice makes better!" After an engaging presentation, Brian handed out a signed book to each student.

To help graduating seniors pursue higher education, Jim Mitchell Scholarships were awarded to five accomplished, community-minded students from Warner: Lilah Bartholomew, Camden Blasingame, Griffin Dixon, Sophia Lick, and Francie Reid.

Nora Collins and Taryn Moyer were the two Simond's Elementary School 5th graders who won the 2025 Jim Mitchell Local Hero Book Award for showing kindness and compassion to others.

At the Jim Mitchell Community Park and MainStreet Warner Stage, MSW hosted another full summer season of free musical performances. The Lodge Fest in September, featuring Night Kitchen and the DoBros, was a rollicking and successful fundraiser for the Lodge Capital Campaign.

PHASE II: The Main Hall performance space is on its way!

Nearing our \$950,000 dollar goal, the Lodge Capital Campaign has raised close to \$750,000 thanks to large grants from NH-CDFA, USDA, HUD and New Hampshire Charitable Foundation and generous donations from local businesses and community members.

But we need additional funds to open the Main Hall performance venue, which requires new paint, flooring, insulation, and a light & sound system. The 19th century pipe organ and stained-glass windows also need to be restored.

Please support these projects and programs with a generous contribution to MainStreet Warner, Inc. TOGETHER we can CONTINUE to bring wonderful things to Warner!

THANK YOU!
